

# INTACT SMART IN ACCOUNTING

## The Market

Small to medium size businesses and CPA Firms

## The Fastest Way to Get Your Information Back

inZONE

Powerful and intuitive functionality makes document searching and automation as easy as pointing and clicking.

# INTACT SMART

## Challenges

- Making documents readily available for customers.
- Easy to use without requiring burdensome training.
- Easy to deploy and support.
- Privacy protection and security of information for disaster recovery.
- Multiple locations requiring secure access.
- Data capture and automation of processing to reduce indexing of documents.

## Document Types

- Invoices
- Purchase Orders
- Packing Slips
- Financial Statements
- Tax Papers
- Receipts
